JODHPUR NATIONAL UNIVERSITY

AN INTRODUCTION

Jodhpur National University was established by ordinance – 4 of the govt. of Rajasthan in 2008 under sec-2f of UGC Act, 1956. The University is committed to create and inculcate worldclass multifaceted competencies in students. A value based ambience in its institutions for learning by providing upgraded curriculum time bound session, infrastructural facilities conducive to innovative and research oriented, teaching learning processes with excellence.

Jodhpur National University is committed to create and inculcate world class multifaceted competencies in students. A value based ambience in its institutions for learning by providing updated curriculum, time bound session, competent and updated faculty, enriched infrastructure facilities conducive for innovative and research oriented teaching learning process with excellence.

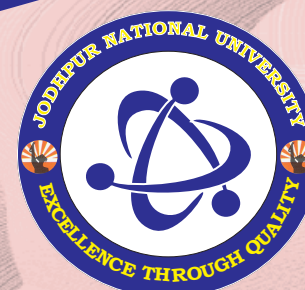

13.7 The OEC may also recommend revisions to be made in the final version of the thesis after taking into consideration the suggestion of the examiners who evaluated the thesis and the discussion at the oral examination. The Chairman of the OEC shall forward to the Registrar certifying that the recommended revisions by the OEC, if any, have been incorporated in all copies of the thesis.

14. **AWARD OF THE DEGREE OF PH. D.**

If the performance of the research student in the Oral Examination is satisfactory, he/she will be awarded Degree Ph.D. on the recommendation of the Academic Council and with the approval of the Board of Management.

15. The date of submission of thesis will be considered as date of award of Ph.D. Degree.

Jodhpur National University

JODHPUR NATIONAL UNIVERSITY

12.5 If two of the examiners do not recommend the thesis for the award, the student is not awarded the degree and the registration is cancelled.

12.6 If two of the examiners recommend the award of Ph.D. degree, the DRC will consider the reports and recommends the conduct of Oral Examination.

13. ORAL EXAMINATION COMMITTEE:

13.1 The following is the composition of the Oral Examination Committee (OEC)

- Chairman of the DRC
- One examiner of the thesis within the country, or a specialist in the subject nominated by the Vice-Chancellor Members.

13.2 The OEC will examine the candidate through a seminar and a viva-voce based on the reports from the examiners.

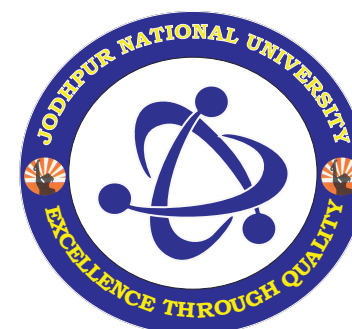

13.3 The other member of the DRC and staff member will be invited to attend seminar.

13.4 The Supervisor conducts the defense of the thesis by the candidate ensuring that he/she answers all the queries of the thesis examiners satisfactory.

13.5 If the Supervisor finds the performance of the student unsatisfactory, the student will be asked to reappear for another oral examination at a later date (not earlier than a month and not later than six months from the date of the first oral examination)

13.6 If the Supervisor evaluates performance of the research scholar as unsatisfactory on the second occasion also, then the matter will be referred to the Academic Council for a decision.

Kamal Mehta Chancellor

Dear Students

It is a matter of great pride and privilege for me and for those, who were incessantly associated with a group of institutions beginning 2002, having a dream to impart the state of the art education to one and all. I feel I honoured that our efforts have paid through and today we have become, for which we have aspired, the university in name and style of Jodhpur National University. I am indeed very happy that we carry the name of Suncity as our prefix for which I pledge that I along with my team will leave no stone unturned to make this name a globally known place for excellence in higher and technical education.

We have focused much of our past few years revising our strategic plans and on envisioning what an educational institution can become in the next five years. As with all planning exercises, we shall achieve some of our goals and re-evaluate others. And, given the dynamic nature of higher education, we will no doubt pursue some new innovation in area which is barely imaginative today.

The one constant will be our commitment to maintain Jodhpur National University's role as an institution dedicated to diverse and ever expanding community that comprises student, scholars, academicians, corporate leaders and intellectuals of the city and region that we serve. Our success will be measured by the number of students we educate and quality of education we provide. It will be reinforced by talented men and women who commit their professional lives to Jodhpur National University as teachers, researchers and support staff who truly view university as a great place to work. Last but not the least I thank all the students, their parents, the teachers, the staff and all that who were directly or indirectly associated with us and has made our current growth possible. Welcome aboard.

- (b) The student will make presentation of his/her thesis work before the DRC. The DRC will, if it approves, permit the student to submit the thesis and forward the synopsis to the Vice-Chancellor.

8.9 Within six months of the acceptance of the abstract the student shall submit seven copies his/her thesis to the Registrar.

9. PANEL OF EXAMINERS

9.1 The DRC will forward a Panel of Examiners of the thesis to the Vice-Chancellor for approval. The Vice-Chancellor will consider the panel and will approve the three examiners to be appointed.

9.2 The thesis shall be referred to two examiners approved by the Vice-Chancellor from the panel of examiners recommended by the DRC.

9.3 The Board of Examiners will consist of three members i.e. two examiners and Supervisor

10. EVALUATION

To evaluate the Ph.D. thesis submitted by a Ph.D. candidate, synopsis of the thesis prepared by the candidate will be sent to two examiners for obtaining their willingness to evaluate the Thesis.

11. On the receiving the acceptance the copy of the thesis will be sent to the examiners for evolution. In the case of the refusal, the new examiners will be appointed.

12. THESIS REPORTS

12.1 The examiners are expected to send the reports on the thesis within two months from the date of receipt of the thesis.

12.2 If an examiner does not send the report with three months, a reminder will be sent by the Registrar. If the report is not received within six months, the Registrar will refer the thesis to a third examiner from the panel. The appointment of the examiner who does not send report within six months shall be deemed to be cancelled.

12.3 If one of the two thesis examiners does not recommend the thesis for the award of the Ph. D. degree, the Vice-Chancellor will refer the thesis to an independent Referee for a final verdict about the acceptability of the thesis.

12.4 If an examiner suggests resubmission of the thesis, the student is allowed to resubmit the thesis, in consultation with Supervisor after due revision within the time stipulated by the DRC.

8. SUBMISSION OF THESIS:

- 8.1 Completed prescribed form will be filled and submitted to HOD with three copies of synopsis and with receipt of deposition of fees.
- 8.2 The DRC will discuss with Supervisor / Scholar about the topic of research and synopsis. After satisfaction, recommend matter for registration of candidate and the subject of research to Vice-Chancellor along with the copy of synopsis and brief justification note.
- 8.3 Vice-Chancellor will consider the matter and decision will be taken. The decision will be conveyed to all concern.
- 8.4 The minimum period of thesis is 18 months. No body is permitted to submit before this period. In exceptional cases Vice-Chancellor is authorized to relax period upto 6 months. Period will be counted from the date of registration i.e. the approval of Vice-Chancellor.
- 8.5 After the candidate is granted Ph.D. candidacy, the progress of research will be continuously monitor by the Supervisor and Dean of the Faculty.
- 8.6 A maximum period of Ph.D. programme will be 30 months from the date of admission for full time students. For external students this period will be 36 months.

8.7 CANCELLATION OF REGISTRATION

The Ph.D. registration of a student is liable to be cancelled for any of the following reasons.

- (a) Consistent lack of progress in research
- (b) Violation of Discipline and Conduct Rules of the Institute
- (c) Non-submission of the thesis within the stipulated period.
- (d) Non conformity with the regulations of the programme.
- (e) Giving false information at the time of application/admission.

8.8 SYNOPSIS OF THESIS

- (a) At least three months prior to the submission of the thesis, the student shall submit 04 copies of the synopsis of his/her research to the DRC. The synopsis will contain an outline of the research work done by the student.

Message

Dr. Mahendra Surana Vice Chancellor

*"A milestone passed, new things
begun, dreams as shining as the sun,
a goal achieved, a victory won!"*

It is a matter of great pride that the educational institutions managed by the Kushal Education Trust have been conferred, by the Government of Rajasthan, the coveted status of University-Jodhpur National University. This is not the end but the beginning of a phenomenal and prolific journey. I welcome aboard all the young creative minds with an assurance that in this journey, your companions would be supportive friends and wise mentors who would not only help shape up your career to make a living, but also help you make a life.

What a sculptor is to a block of marble, education is to the soul. Indeed, the foundation of every great nation lies in its education system. Guided by this noble mission, Jodhpur National University aims at discovering the natural gifts of its pupils and liberating them by the stimulating influence of inspiration that it imparts. Here we inculcate the positive attitude that causes a chain reaction of positive thoughts, events and outcomes, an attitude which acts as a catalyst, a spark that creates extraordinary results. Jodhpur National University 's aesthetically built high-tech campus, with the state-of-the-art infrastructure, proficient & assiduous faculty and visionary management, surely is the most suitable for globally relevant learning with a local feel. The professional education in this University provides the opportunities for self fulfillment and a rich & challenging environment for an individual to explore, in his own way. Our heritage and ideals, our code and standards, the things we live by and

impart, are all an embodiment of traditional values with modern ethos. The latest in terms of curriculum would take care of not only the latest developments and emerging trends, but also the eternal values necessary for transforming one into a marketable professional. Admittedly, being employable is the most formidable but certainly not insurmountable present day challenge. Let our academia not churn out 'educated illiterates'. One important aspect, which majority of professional institutions neglect, is ignoring the real customer- the corporate recruiter. They get so busy looking at their speedometers that they forget the milestone. But we know- direction is more important than speed. Here in Jodhpur National University, we have evolved a sound tradition of continuous strong academia-business interface which gets translated into job offers. Not only this, here one is encouraged to dance to forms of music yet to be heard.

He who chooses the beginning of a road chooses the place it leads to. So, if you wish to embark on a meaningful journey of learning, which will translate your visions into reality, please do come, visit us and take that first and worthy step towards transforming your life. I, as Vice-Chancellor, assure you that we will relentlessly endeavor to make the University an arena where even sky will not be the limit raising all to a higher level of awareness, understanding and kinship.

Dr. Mukesh Jindal
Chairman, VIMT

Message

A doctorate degree is the highest degree that is awarded after verifying a student's expertise over a subject. It demonstrates a student's ability to perform and present erudite research. This creative research is known as the doctoral thesis or dissertation. Ph.D program is usually more professional than academic in nature.

Ph.D is not all about career advancement and earning a bigger paycheck. In any field which you choose to get your Ph.D, there will be specialists imbued with such knowledge who can help you by telling you more about what you need to know in your field of learning. The level of knowledge that you get will also help you in deciding how best to proceed with any future career prospects. Sometimes, in different work scenarios, we need some differentiation between others who have more or less the same skills and capabilities that we possess. By getting an additional degree you give yourself an edge over other people.

We, at VIMT combine the accountability of private schooling with the highest-quality learning curriculum available today to provide an innovative, highly effective education for national & international students.

The VIMT offers individualized learning that's taught at a flexible pace to address a variety of learning styles.

The curriculum is provided by VIMT and is accessed via an online school (OLS) as well as through more traditional methods, with material including books, even microscopes and scales-delivered right to the family's doorstep.

7. SUPERVISOR

- 7.1** Every student admitted to the Ph.D. Programme must carry out his/her research work under the guidance of a Guide/Supervisor approved by the University. This faculty member will be called the Supervisor of the student. In the case of external registration there will also be a Local Supervisor in the parent organisation.
- 7.2** The student can have a second Supervisor, for inter disciplinary topics from another department. In this case each of the Supervisors will be called as a Joint Supervisor. One of the Joint Supervisors will be nominated by the Chairman, DRC for the administrative responsibilities connected with the Ph.D.
- 7.3 APPOINTMENT OF SUPERVISOR(S)**
- (a) The DRC will appoint Supervisor(s) of Ph.D. students after obtaining their mutual consents and permission from the Vice-Chancellor.
 - (b) Sponsored students (external registration) shall have one Supervisor from the Department (College Supervisor) and one from the parent organization (Local Supervisor).
- 7.4 ELIGIBILITY OF Ph.D. GUIDE**
The DRC will select and recommend the name of Ph.D. Guides to Vice-Chancellor. After permission the name can be included in the subject wise panel. The qualification of Ph.D. Guide shall be as follows:
- (a) P.G. degree in relevant subject.
 - (b) Ph.D. in relevant subject.
 - (c) Five years P.G. teaching experience, or 15 years U.G. teaching experience substantiated by appointments as teacher (Professor/Reader/Lecturer)
 - (d) Five year Post Graduate Research experience after doing Ph.D.
- In exception cases Vice-Chancellor can relax the condition of experience. In addition to University faculty eligible, outside the University will also be eligible to be appointed by Vice Chancellor.
- 7.5** The maximum number of students, which a Supervisor can take for research work under his supervision, shall be as follows:
- (a) Professors and Associate Professors -10(ten)
 - (b) Readers /P.G. Heads in constituent Colleges-07(seven)
 - (c) Lecturers-05(five)

MESSAGE

Anil Kumar Tomar
Director, VIMT

As technical associate of the Jodhpur National University, I welcome you to our Institution. Founded in 1987, Vinayaka Institution of Management & Technology has a long and distinguished history of service, research, and scholarship. We are very proud of our legacy of being a Institution which values activists and organisers as well as scholars and thinkers. Our graduates and faculty are continuing in the 21st century to build on thislegacy

At the same time, while proud of our past, we are not resting on our laurels, but are forging ahead addressing old problems and facing new challenges that confront today's society and the world. The quality of our PhD program is among the very best in the country, and we continue to enhance this programme. The Institution has an average enrollment of 700 students throughout the Country. As we continue to take new initiatives, we are very fortunate to have the broad support of the Jodhpur National University. All these factors have come together to create among the faculty and students a new sense of excitement, exhilaration, and commitment. Unquestionably, these are exciting times for our Institution. We look forward to preparing scholars and thinkers who will have the knowledge, skills, and commitment to make a better world for everyone.
